

## MASTERING IMPACT-LINKED FINANCE (ILF)

### OUR SUPPORT FOR PRACTITIONERS

After years of learning, experimenting, and refining our Impact-Linked Finance approach, we are committed to supporting other practitioners in growing their ILF activities. **Here is what you can expect from us:**

# 01 ILF COMMUNITY HUB

Collaborative digital platform for ILF practitioners to foster cooperation, peer exchange and access to curated content.

- > ILF Knowledge Center (fully searchable) with curated case studies, key readings, reports, webinars and more
- > ILF Learning LogBook by Roots of Impact
- > Structured ILF training catalog with different learning paths (self-study and cohort-based live trainings)
- > Hosting of (special interest) discussion & working groups
- > Bi-monthly webinars with alternating ILF topics
- > Fees for different access levels will be published together with detailed descriptions of content and functionality (incl. freemium area)
- > Expected start Q4/24 - Q1/25

## ILF TRAININGS ON THE ILF COMMUNITY HUB

Capacity building for ILF practitioners, based on our experience and learnings:

- Cohort-based training for (future) ILF practitioners (basic and advanced tracks)
- Targeted formats for different stakeholder types, e.g. implementers or funders
- Blended curriculum combining self-study elements with expert-led sessions
- Active facilitation and exchange between the participants
- Study time approx. 40-50 hours over three months
- Fees for the various courses will be published together with the course content
- Expected start Q4/24 - Q1/25

## 02 ILF TRANSACTION HUB

*Digital platform for managing ILF transactions as easily as possible.*

- > User-friendly tools, templates, and functionalities for ILF transactions
- > Step-by-step guidance and support from screening, selection, structuring to management and monitoring
- > Dashboard and data storage in one place
- > Efficiency-enhancing workflow management
- > Targeted tooltips and links to suitable learning content of the ILF Community Hub (“learning by doing”)
- > Access to one-on-one ILF consulting (included in the subscription fee)
- > Fees for different access levels will be published together with detailed descriptions of functionality (incl. freemium area)
- > Expected start Q1/25

- > Second opinion on enterprise selection
- > ILF Effectiveness Check by Roots of Impact
- > Fund- or program-specific ILF consulting
- > ILF program supervision (for funders)

## 03 ILF EXPERT SERVICES

*Dedicated support for ILF practitioners in managing individual ILF funds, programs or transactions.*

# 04 ILF DATA SERVICES

Data and insights about market actors, trends, and use cases - with the ambition to assess and benchmark the effectiveness of ILF transactions.

- > Annual market survey & report
- > Individual market analyses (e.g. for feasibility studies)
- > ILF effectiveness self-assessment

Supported by SDC

The initial investment for the development of the ILF trainings, the ILF Community Hub, and the Transaction Hub is co-financed by the Swiss Agency for Development and Cooperation (SDC) and Roots of Impact to scale up the ILF practice with quality and further strengthen its positive impact.
